

EGGCITING FURFRIENDS!

What you will need:

- 1. 12 hard boiled eggs**
- 2. Egg colouring kit**
- 3. google eyes**
- 4. black pom poms for noses**
- 5. 1 piece of felt the colour of your furry friend's ears**
- 6. 1 piece of pink felt for tongues**
- 7. Glue**
- 8. Scissors**
- 9. Pen**

Directions:

- 1. Colour hard boiled eggs with egg colouring kit and let dry completely**
- 2. Trace out two ears onto the felt that looks like your furry friend's ears and cut them out.**
- 3. Trace out a tongue onto the pink felt and cut it out.**
- 4. Glue on the google eyes, pom pom nose and tongue.**

5. Lastly, glue on the ears. If your furry friend has pointy ears like Tucker sometimes it is hard to get them to stand up. If you have a glue gun and some help from an adult this is what works best to get them to stand up. If they are floppy like Ruby's ears they should glue on without any problems.

HAVE FUN!!
