

FATHER'S DAY PAWJECT

KEY AND LEASH HOLDER

What you will need:

The following items that need to be purchased can be found at Micheals for a little less than \$30.00 (based on a 10x10inch sign).

- 1. A board just the right size for Dad and the number of pet's names you want to add. Make sure it has a hook on the back for hanging.**
- 2. A set of Command hooks. They are easy to stick on and remove if pressed down in the wrong place. The instructions are on the back of the package.**
- 3. An oil based paint pen. They come in many different colours and are easy to use.**

4. A ruler
5. Painter's tape

Directions:

1. Using a ruler measure your board and decide where to put "DAD" and your pet's name so that they will be equal distances apart.
2. Place the painter's tape in a straight line across to mark the places you will use.
3. Using the oil based paint pen follow the instructions on the back of the package. Practice on a piece of paper first then print on the board. Let it dry, then trace over the letters a second time.
4. Decide where you want to place the hooks. Apply them by following the instructions on the back of the package.
5. Remove the painter's tape.

AWESOME FOR DAD AND YOUR DOG!
